# Jeremiah Kinuthia

Full Stack Developer

## About Me

A creative and detail-oriented web developer with a background in Computer Technology and hands-on experience in both front-end and back-end development. Proficient in React, HTML, CSS, JavaScript, and Python, with a strong focus on building responsive, high-performing, and visually appealing web applications. Passionate about developing digital experiences that are both functional and user-centered.

## Work Experience

2020-Present

### Freelance Web Developer & Writer

- Design and develop responsive websites and web applications using React, HTML, CSS, and JavaScript.
- Collaborate with clients to understand project needs and translate ideas into functional digital products.
- Manage deployment, testing, and maintenance to ensure optimal website performance.
- Produce written content for online platforms, integrating SEO strategies to improve visibility.

2022

### State Department of Transport

Industrial Attachment (ICT Support)

- Installed, configured, and maintained computer systems and networking devices.
- Supported staff with troubleshooting of hardware and software issues.
- Assisted in maintaining ICT system efficiency and documentation.

2021

### National Hospital Insurance Fund (NHIF)

Industrial Attachment (ICT Support)

- Conducted routine computer maintenance and troubleshooting.
- Supported data entry and analysis of patient information systems.
- Assisted ICT officers in day-to-day technical support functions.
